[GoFundMe \(350 Pair Of Glasses\)](#)

California CareForce established a [GoFundMe](#) campaign "**350 Pairs of Glasses**", to raise \$20,000 to provide 350 pairs of eye glasses at the September Sacramento Clinic. Please support our [GoFundMe](#) campaign by donating and sharing this campaign with your friends, family, neighbors, and co-workers. Help by e-mailing your friends, family, neighbors, and co-workers about this campaign and ask for their support in reaching our \$20,000 goal. Even a \$5 donation helps us get closer to our goal.

Michael Luszczak, DO, FACEP Emergency Physician

In my practice as an emergency physician, there isn't a shift that goes by without seeing at least one patient who needs care for a dental problem but who can't afford to see a dentist.

Sadly, in the emergency department there is little that we can offer these patients besides analgesics and antibiotics.

I volunteer with California CareForce and donate to support CareForce events, so that the patients that I can't help in the emergency department will be able to get care that they need without having to worry about if they can afford it.
